

Martha's Vineyard Public Schools
Title I Supplement, Not Supplant Policy and Procedure

Title I funds may not take the place of—supplant—public education services that are to be provided to all students. The policies and procedures below will assist the district (comprised of Martha's Vineyard Regional High School, Edgartown, Oak Bluffs, Tisbury and UIRD) in demonstrating that it uses Title I funds only to supplement, and to the extent practical, increase the level of funds that would, in the absence of Title I funds, be made available from non-Federal sources for the education of children participating in Title I programs.

STUDENT SELECTION CRITERIA FOR TARGETED ASSISTANCE SCHOOLS

Each school district must have a multiple, objective, educationally-related criteria to select the eligible pool of Title I participants. Eligible students are those identified by the school as failing, or most at risk of failing, to meet the State's challenging student academic achievement standards. If all eligible students cannot be served, schools shall select those most in need from this pool to be served.

In addition to the students identified by the criteria above and any additional school selection criteria, the following students are automatically eligible for Title I services:

A student who, at any time in the preceding 2 years, participated in a Head Start, Even Start, or Early Reading First program, or in Title I preschool services.

- A student who, at any time in the preceding 2 years, received services under Title I, Part C, Migrant Program.
- A student in a local institution for neglected or delinquent children and youth or attending a community day program for such children.
- A student who is homeless and attending any school in the district.

STAFFING

The district will maintain records that demonstrate that each Title I program receives staff services commensurate with the staff payment. Corroboration of records to what is actually taking place will be carried out through means such as spot-checks, reviews, interviews with staff, and interviews with students.

Evidence will include: for 100% Title I-funded staff, the staff daily schedule of activities; for split-funded staff, staff daily schedule with clear delineation of time spent on the Title I program; and other documentation that demonstrates accurate charges to the Title I program. (e.g., detailed position descriptions for split-funded staff).

PROFESSIONAL DEVELOPMENT

The district will maintain a description of the professional development provided at the district level that is funded with Title I funds. Evidence will include: A description of how professional development is aligned with the needs of Title I students and a list of participants (district staff will ensure the participating staff are those who teach or provide support to Title I participants). The professional development does not duplicate that which the district provides for non-Title I purposes that, in the absence of Title I funds, would be provided to all staff.

PARENT/GUARDIAN INVOLVEMENT

The district will maintain a description of the district-level parental involvement activities paid for by Title I funds. Evidence will include: A description of how parental involvement activities are aligned with the needs of Title I students and a list of participants. The parental involvement activities should not duplicate those that the district provides for non-Title I parents that, in the absence of Title I funds, would be provided to all parents.

Schools will maintain a description of school-level parental involvement activities paid for by Title I funds. Evidence will include: A description of how parental involvement activities are aligned with the needs of Title I students and parents and a list participants.

PROCEDURE FOR DISSEMINATION

The Title I Coordinator will disseminate this written policy and procedure to all building administrators in Title I buildings in the district. Following such dissemination, the Title I Director will meet with school administrators and all Title I-involved staff to ensure clear understanding of the concept of Supplement, Not Supplant and the procedures enacted to follow this policy.
